TEN INDIANS KILLED

SECOND BATTLE FOUGHT WITH THE REDSKIN LAWBREAKERS IN WYOMING.

STORY OF THE FIRST FIGHT

SHERIFF MILLER AND HIS MEN AMBUSHED NEAR THE INDIANS' ENCAMPMENT.

Denver, Nov. 3.—Five hundred men, including sheriff's posses, augmented by volunteers from the various ranches adjacent, are searching the country in the vicinity of Lightning creek, in Eastern Wyoming, for the band of Indians which Saturday afternoon fought a battle with Sheriff Miller's posse, killing the sheriff and one deputy named Fossenburg. The latest advice is to the effect that a second battle has been fought and ten Indians killed and eleven others captured, but these have not yet been verified.

News from the scene of the trouble, which is twenty-five miles from a telegraph office, is very meager.

The Indians, seventy-five in number, are said to be under the leadership of Charlie Carries Elk and are supposed to be Sioux from the Pine Ridge and Rosebud agencies in South Dakota. They have been hunting in Converse county, Wyoming, in violation of the game laws of the state. Sheriff Miller, with a posse, went to the scene of their depredations last Saturday to arrest the Indians. The Indians had received warning of the coming of the whites, and

Prepared an Ambuscade

for them. The posse would have been entirely annihilated but for the fact that they were proceeding cautiously and were in a measure prepared for some trick on the part of the Indians.

At the first volley from the Indians, Sheriff Miller and his deputies hastily ran to cover and then ensued a genuine Indian fight. The whites found refuge behind trees and boulders. It is thought that at least six Indians were killed and several others wounded, among the latter being Eagle Feather, a sub-chief.

The battle lasted almost an hour, when the Indians began to make their escape by ones and twos on horseback. They carried their dead and wounded with them and are now believed to be well on their way to the "bad lands" in Nebraska. The officers did not attempt to follow, but sent a courier to Lusk, the nearest telegraph office, with a message to Governor Chatterton, apprising him of what had occurred.

The news of the battle spread rapidly and every ranchman for miles around armed himself and joined one of the numerous posses. The governor wired the interior department at Washington that the Indians must be immediately arrested.

Violating the Game Laws.

For the past two weeks the Indians have been in Northeastern Wyoming, slaughtering game in violation of the laws.

In addition the settlers have been complaining bitterly that the Indians have been killing and stealing their cattle. Settlers warned the leaders

of the band to leave the country, but the redskins only laughed at them. They claimed that the government had so reduced the amount of the rations that they were forced to kill game, to keep from starving. Charlie Carries Elk openly declared that if he and his followers were driven too far they would fight.

When Sheriff Miller of Weston county was notified of the refusal of the Indians to get out of the state, and the threats made by them, he organized a small posse and started for Beaver creek, along which the redskins were encamped.

On Friday the Indian camp was reached. It was deserted by all except the squaws, children and a few old men, who were busy skinning wild animals and preparing the meat for winter use. The entire camp was placed under arrest and sent to Newcastle in charge of Lieutenant Hilton. The posse then started on a search for the braves. They were located Saturday and during the afternoon Sheriff Miller and his deputies started to close in on them. When the whites got within rifle range of the Indian camp they were suddenly fired upon and the battle followed.

The concert given under the auspices of the Brainerd Ladies Musical club last night at the First Congregational church by Mr. Edward Baxter Perry, was without doubt one of the very best musical events in the history of the city. Mr. Perry captivated his audience and it was a treat long to be remembered. The ladies certainly scored a big success in getting this artist for a concert in Brainerd.

John R. Heino, who was arrested on a charge of shortage in his accounts as an employe of Customs Collector Peterson, as noted in the Dispatch, today furnished bail before Court Commissioner Spencer. The amount was \$1,000, and the sureties were Col. Willis E. Dodge, of St. Paul, and Joseph C. Woods, of Breckenridge, Minn. ENGINE OF NO. 14

GOES INTO DITCH

Sideroads on the Engine Break and She Jumped the Track Near Carlton.

ENGINEER GRIMES WAS SCALDED

No Other Part of the Train Was Wrecked and None of the Passengers Injured.

There was quite a bad wreck on the Northern Pacific three miles this side of Carlton this morning at 6 o'clock, and Engineer Grimes was badly scalded about the hands, arms and face, but it is not thought that the injuries are serious.

It was the engine of train 14, which leaves Brainerd for the east about 4 o'clock in the morning, that was wrecked, being thrown into the ditch by the breaking of both side rods. Water from the engine caught Engineer Grimes, but he managed to escape before being scalded to death.

None of the cars jumped the track and the passengers were not at all injured.

MUSIC AND DRAMA.

As the patrons of the gallery at the Brainerd theatre have behaved themselves during the last few shows the management has decided to restore the former price of 25c for that portion of the house. It is to be hoped the boys have learned a lesson and will behave themselves hereafter. If not, the 50c price will again be used until such time as they conduct themselves properly.

"QUINCY ADAMS SAWYER."

Those who appreciate the best qualities of the drama and who are gratified by their recognition were delighted by the reception accorded the "Quincy Adams Sawyer" company at the Kerredge theatre last evening.

To those who have read the natural and touching story "Quincy Adams Sawyer" each actor seems an old acquaintance and so smoothly and naturally does the play progress that the charm of the illusion is never broken. There is evidently a determined effort on the part of all in the cast of "Quincy Adams Sawyer" to suppress the common tendency to burlesque the quaint country characters.

Harry J. Ingram in the title role played the part with smoothness and graceful ease, while Emmet C. Keane, as "Arthur" Hastings, was equally at home in his part. Warren Cook, as Zekiel Pettingill, was artistic in the treatment of his manly and sympathetic part.

James A. Bliss gave a notable presentation of "Obadiah Strout." His performance will leave a lasting impression and be remembered as one of the cleverest comedy impersonations of the season.

The ladies of the company are all charmingly adapted to their parts and act them with pleasing naturalness. Miss Edith Wright as "Alice Pettingill" and Miss Marie Haynes as Mrs. Putnam played with notable qualities of discrimination and artistic effect.—Hancock, Mich., Journal, Oct. 27, 1903.

"Quincy Adams Sawyer" comes to the Brainerd theatre tomorrow night. Seats are now on sale at Dunn's.

"A FRIEND OF THE FAMILY."

The California theatre has an unusually gay and amusing farce in "A Friend of the Family." The plot abounds in laughable situations and holds the interest of the audience from start to finish. It is woven about the predicaments of a husband who does not take his wife into his confidence regarding his former affairs of heart. Matters are in a continual tangle, with frequent funny climaxes. There is a real novelty in the shape of a bibulous clergyman, whose efforts to gain courage to propose to his lady-love are amusing. As the tipping minister Barney Maxwell keeps the laughter at a high pitch and makes a hit. George W. Barnum, the husband, plays his part with more than usual ability.

Emile Le Croix is the fiery Frenchman who is in love and also seeks vengeance for imaginary wrongs. The "Friend of the Family" will undoubtedly be popular with the patrons of the California and will crowd the house while it is on the boards.—San Francisco Chronicle, Oct. 30, 1903.

This excellent attraction comes to the Brainerd theatre Saturday, Nov. 7.

WILLIAM OWEN.

William Owen, J. W. McConnell and a large company will be seen at the Brainerd theatre shortly in a massive scenic production of Mr. Owen's romance "When Louis XI Was King." Mr. Owen appearing as a bonny Scotch laddie, a member of the famous Scottish body guard with which that specious French monarch, Louis XI surrounded himself. Mr. McConnell is cast for Louis XI.

Board of Education Raises the Salaries of Janitors in All Schools of the City.

TREASURER'S FINANCIAL REPORT

Supt. Hartley's Report Shows a Good Average Attendance for Month of Oct.

There was a meeting last night of the board of education and the following members were present, President Congdon presiding: Hagberg, Hemstead, Storm, Halladay, Erickson, Preston, Johnson and Mahlum.

The report of the janitors' committee that the salaries of the different janitors be raised was accepted. The report was approved and the following salaries will prevail taking effect this month:

Lincoln	raised from \$40 to \$45
Whittier	" " 40 to 45
Lowell	" " 45 to 50
Harrison	" " 40 to 45
Washington	" " 50 to 65

The report of Supt. Hartley for the month of October was a rather interesting one as it showed the attendance and general averages. The number of pupils in actual daily attendance was 1919 and the average daily attendance was 1890.

The report of the receipts and disbursements of the book room was received and placed on file.

The report of Treasurer Erickson for the quarter ending Oct. 31, was received and referred to the finance committee. It is as follows:

Supt. Hartley brought up the matter of getting some work together to make an exhibit for the St. Louis exposition. The question was quite generally discussed and it was thought to be a good plan but no definite action was taken last night.

The finance committee, to which was referred the matter of the sale of the school bonds to John Nuveen & Co., made a report. John Nuveen & Co., who purchased the \$40,000 bonds, made a claim that there had been unnecessary delay in the execution of the bonds and refused to accept them at the figures offered. It was deemed advisable by the committee, after a full and exhaustive investigation, to make a compromise with the company. In accordance with the instructions of the committee Alderman and Mantor negotiated with the bond company and \$25,106.50 was collected and placed in the hands of the treasurer of the school board. This amount is taken from the \$40,000, \$15,000 having been paid by the company previously. In settlement with Nuveen & Co. the school board was required to discount the contract price to the extent of \$487.50, which amount deducted from the total premium, \$1010, still leaves the sum of \$522.50 as premium on the whole issue, making a total of \$40,522.50.

PROF. KEPPEL INJURED.

Former Brainerdite. While Experimenting at St. Cloud Normal School, Injured About Face and Head.

The following is taken from the Minneapolis Journal regarding a premature explosion at the St. Cloud normal: "While a demonstration was taking place in the laboratory of the St. Cloud normal school an explosion took place which blew out the windows of the room and caused a panic among the students. Professor Keppel, who was in charge of the experiments, was, it is believed, seriously injured, and Nat Garding, a student, may lose his sight from burns and injuries about the head. Professor Keppel's injuries are also on the face and head.

Hood, another student, was burned to some extent, and in the rush which followed the explosion Loretta Eich was thrown down and her ankle sprained. The cause of the explosion has not yet been determined."

SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a Day and be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this method of cure.

Hyomei has performed almost miraculous cures of catarrh and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure.

In Brainerd there are scores of well known people who say they have been cured of catarrh by Hyomei. If it does not cure you, H. P. Dunn & Co. will return the money you have paid for Hyomei. This is the strongest evidence that can be offered as to their faith in the remedy.

Leave your order for Hyomei cash at D. M. Clark & Co's. 83-tf.

PART OF LEVY FIXED FOR CITY PURPOSES

Meeting of Council Held Last Night and Business of Importance Transacted.

MATTER OF DISCOUNTS UP

By Chairman Halladay of Electric Light Committee and New Schedule is Fixed.

There was a meeting of the city council in chambers last night with Vice-President C. D. Johnson in the chair. The following members responded to the roll call: Halladay, Gardner, Murphy, Purdy, Rowley, Gruenhagen, Larson and Robertson.

The report of Clerk Low, of the municipal court showed that there had been 25 arrests during the past month in city cases; 20 paid fines; 1 was committed without paying a fine; 4 sentences were suspended, and \$352.25 was collected in fines. There were 16 civil cases commenced during the month; four state cases were continued and 3 were settled. The report was on motion received and placed on file.

A communication was read from Mayor A. J. Halsted appointing H. T. Skinner, of East Brainerd, a member of the Brainerd Library board to succeed Rev. A. H. Carver, resigned. The appointment was confirmed by the council. Mr. Skinner is one of East Brainerd's most popular citizens and the appointment will meet with general favor throughout the city.

The reports of Chief of Police Sargent, Supt. of Electric Lights Peterson and Street Commissioner Weitzel were received and filed.

The report of Dr. Thabes, chairman of the local board of health, showed that there had been very few cases of contagion during the past month. He reported one case each of scarlet fever, smallpox and diphtheria.

The following pay rolls were on motion allowed:

City Employees	8318 00
Fire Department	122 50
Police Department	247 00
Street Employees	278 24
Electric Light Employees	461 95

Mrs. Wilson, who owns the lots on Fourth street just north of Dee Simon's residence, sent a communication to the council asking why her sidewalk had been torn up without first sending her a notice. The matter was referred to the street committee to report on at next meeting.

The liquor license application of Johnson & Nelson was received. The bond was approved and license was granted.

A communication was read by the city clerk from G. S. Fernald, tax commissioner for the Northern Pacific Railway company, relative to the payment of \$1,000, which the company agreed to donate to the city toward macadamizing Front street. He stated that while it was true the city clerk had written him that the city engineer had reported that the work was completed and the council had received the report and placed it on file, yet the company would require that the city engineer approve the work and then the council in turn approve the report of the engineer before the \$1,000 could be paid over. The matter was left in the hands of the city engineer, city attorney and city clerk to report on at the next meeting.

Bosely & Durrette, who are proprietors of the Last Turn saloon, appeared before the council and asked permission to transfer their liquor license to Fifth street to the building now occupied by P. E. McCabe. It was stated that P. E. McCabe wanted to transfer also. He wanted to transfer his license to the Last Turn. It seems that these gentlemen had traded locations conditionally, expecting that the council would take favorable action last night. The requests were granted.

Harry Katz was there last night with his annual proffer to purchase all the scrap iron the city has on hand. He offered \$175 for the iron at the dam and a little at other points in the city, but as the council had turned down a better offer than this some time ago it was not thought advisable to accept the Katz offer.

Poundmaster Woodbury will no longer ply his favored avocation, that of lassoing cows, pigs and dogs, for at least six months again. The council last night decided that the services of a pound master were no longer needed and hence dispensed with Mr. Woodbury's services.

The following very important resolution was adopted:

Resolved, that the sum of \$21,000 be raised by taxation in the ensuing year upon all the taxable property of the city of Brainerd for the purposes mentioned and specified in Sections 54 and 56, Chapter 11, special laws of the state of Minnesota for the year 1899.

Sinking fund	1
Interest on bonds	5
Current expenses of city	4
Library fund	1/2

The resolution was adopted as read. City Clerk Low stated that the levy for streets and sidewalks had not been made as the report of the street commissioner had not been received by him

until yesterday and he did not have time to fix it up before the meeting. This was therefore postponed until the next meeting.

A communication was received from Attorney L. E. Lum. He stated as a Brainerd property owner he was interested in the matter of the Northern Pacific granting or leasing its right of way to people who wished to engage in retail business in the city. He stated that it was detrimental to the best interests of the city and that some action should be taken to prevent this in the future. The communication was received and placed on file.

The estimate of \$2911.92 on the Judd Wright contract was allowed.

Alderman Halladay, chairman of the electric light committee, brought up an important subject which was discussed and ably disposed of. It was the matter of discounts on electric light bills and a new schedule was adopted which will in the future be more just as discriminating between the large and small consumer. The following will be the discounts in the future, when bills are paid before the tenth of each month:

From \$1 to \$15	10 per cent
From 15 to 25	15 " "
From 25 to 50	20 " "
From 50 and over	25 " "

A communication was read from the Atlas Milling company asking the council to move the arc light from the corner of Fourth and Front to a point further west, where it is thought by the company that it will do more good. The matter was left in the hands of the electric light committee with power to act.

The request of Judd Wright that he be allowed to purchase three cords of crushed rock from the city was granted.

The matter of employing an assistant for City Clerk Low came up again last night. This time the council thought that it would be best to fix a salary and then give the clerk the power to employ whoever he wishes. This was done and the salary for the new clerk was fixed at \$50 per month.

The report of City Engineer Woolman on the cost of macadamizing Kindred street was ready last night but it was not read, it being thought that it might as well go over until the next meeting.

The November issue of Sports Afield fully sustains that magazine's reputation for rarely interesting reading matter and bright, newsy gossip for the sportsman's guild. The frontispiece—a scene of darkey life on the old plantation—lends added interest to one of S. D. Barnes' inimitable Southern stories. Dr. T. M. Bridges of Idaho writes of an Indian rabbit drive; while, in "Labbit and Old Sank," the forceful Dan de Poe tells a tale of frontier adventure as he alone can tell it. "Snow Bound on the Summit" is a true account of the experiences of Billy Dunbar's teaming outfit while imprisoned at an elevation of 12,000 feet by an historic Colorado snowstorm. Thos. H. In Key Notes appear the merry features of The Man with the Typewriter in a medley of nonsense and timely criticism. In addition the various departments treating of game news, fishing, natural history, shotgun and rifle, together with several pages of spirited editorial comment—all beautifully illustrated—make this issue of Sports Afield an unusually good number. Board of Education Raises the Salaries of Janitors in All Schools of the City.

TREASURER'S FINANCIAL REPORT

Supt. Hartley's Report Shows a Good Average Attendance for Month of Oct.

There was a meeting last night of the board of education and the following members were present, President Congdon presiding: Hagberg, Hemstead, Storm, Halladay, Erickson, Preston, Johnson and Mahlum.

The report of the janitors' committee that the salaries of the different janitors be raised was accepted. The report was approved and the following salaries will prevail taking effect this month:

Lincoln	raised from \$40 to \$45
Whittier	" " 40 to 45
Lowell	" " 45 to 50
Harrison	" " 40 to 45
Washington	" " 50 to 65

The report of Supt. Hartley for the month of October was a rather interesting one as it showed the attendance and general averages. The number of pupils in actual daily attendance was 1919 and the average daily attendance was 1890.

The report of the receipts and disbursements of the book room was received and placed on file.

The report of Treasurer Erickson for the quarter ending Oct. 31, was received and referred to the finance committee. It is as follows:

RECEIPTS.

	\$61875 62

Supt. Hartley brought up the matter of getting some work together to make an exhibit for the St. Louis exposition. The question was quite generally discussed and it was thought to be a good plan but no definite action was taken last night.

The finance committee, to which was referred the matter of the sale of the school bonds to John Nuveen & Co., made a report. John Nuveen & Co., who purchased the \$40,000 bonds, made a claim that there had been unnecessary delay in the execution of the bonds and refused to accept them at the figures offered. It was deemed advisable by the committee, after a full and exhaustive investigation, to make a compromise with the company. In accordance with the instructions of the committee Alderman & Mantor negotiated with the bond company and \$25,106.50 was collected and placed in the hands of the treasurer of the school board. This amount is taken from the \$40,000, \$15,000 having been paid by the company previously. In settlement with Nuveen & Co. the school board was required to discount the contract price to the extent of \$487.50, which amount deducted from the total premium, \$1010, still leaves the sum of \$522.50 as premium on the whole issue, making a total of \$40,522.50.

STUBBORN CAMPAIGN ENDED.

Opposing Parties Waiting for Results
of Their Work in Maryland.

Baltimore, Nov. 3.—Through the close
of the state campaign was announced
on Saturday night the two candidates
for governor did not relax their ac-
tive labors until a late hour Monday
night.

At the respective party headquar-
ters the day was spent by the party
leaders sending out final instructions
to ward, precinct and county execu-
tives, among whom there was a dis-
tribution of the customary "campaign
expenses" to be used today.

It was a notable circumstance that
both sides announced that they had
"enough money for practical pur-
poses." It is agreed on all sides that
the closing contest has been one of
the most stubbornly fought campaigns
in the history of Maryland. The pre-
dominant feeling with voters and
leaders is that the struggle is not
merely of state importance but that it
is to have a bearing on the national
contest next year. The respective
leaders continue to declare their con-
fidence in today's result.

DEMOCRATS CLAIM KENTUCKY.

Predict a Majority of Twenty-five
Thousand for Beckham.

Louisville, Ky., Nov. 3.—The Demo-
crats claim the state for Beckham by
a majority of 20,000 and to this they
add 5,000, which they expect the city
of Louisville and Jefferson county to
give them.

Chairman J. H. Newman of the Re-
publican state campaign committee
says Republicans are confident of the
election of Colonel Belknap and the
entire Republican ticket by a ma-
jority of 12,000.

Republican Majority in Pennsylvania.

Philadelphia, Nov. 3.—The general
opinion as expressed by the Republi-
can leaders is that Pennsylvania will
give its usual off-year majority for the
Republican candidates. The Demo-
cratic state chairman and other Demo-
cratic leaders decline to give figures,
contenting themselves with the pre-
diction that a full Democratic vote
will be cast.

Lively Campaign Ended.

Providence, R. I., Nov. 3.—The last
rally of the campaign was held by the
Democrats in this city last night and
it ended the liveliest campaign since
1892. Democrats expect to win by
2,000 plurality, while Republicans
claim victory by 5,000 to 7,000 votes.

Both Parties Claim Nebraska.

Lincoln, Neb., Nov. 3.—Chairman
Lindsay of the Republican committee
insists with an average vote the ticket
will win by 15,000. Chairman Weber
of the Fusion committee gives no
figures, but expresses confidence in
the result.

MIDSHIPMEN ON TRIAL.

Northwestern Boys Charged With Haz-
ard at Annapolis.

Annapolis, Md., Nov. 3.—The pro-
ceedings of the naval courtmartial,
called for the trial of the three mid-
shipmen of the first class, charged
with hazing members of the fourth
class, began Monday in the office of
the commandant of midshipmen. The
first midshipman to be arraigned was
John H. Loffand of Oskaloosa, Ia., and
his plea was not guilty. All of the
day's session was occupied with the
hearing of witnesses for the prosecu-
tion. As soon as the trial of Loffand
is completed the court will take up
the cases of Joseph D. Little of
Springfield, O., and Earle W. Chaffee
of Rhinelander, Wis.

The men are charged with having
subjected midshipmen W. W. Law-
rence of Colorado and Churchill
Humphreys of Kentucky, of the fourth
class, to physical indignities. The
former, it is alleged, was compelled
to stand on his head and the latter
forced to undergo protracted physical
exercises.

RUMORS PROVE UNTRUE.

Fire at the Vatican Was Not of Incen-
diary Origin.

Rome, Nov. 3.—Inquiry into the
cause of the fire at the Vatican Sun-
day shows that it was accidental, due
either to carelessness in leaving the
kitchen fire lighted or to the combus-
tion of acids which M. Marle kept for
the purpose of his work in making re-
productions of ancient manuscripts
and illuminated books for exhibition
at St. Louis. The rumors of incen-
diarism are proved to be altogether
unfounded. The damage is supposed
to be about \$50,000.

STRIKE DECLARED OFF.

Express Messengers Lose Their Fight
for Increased Wages.

St. Louis, Nov. 3.—The strike inau-
gurated by the messengers of the Pa-
cific Express company on Oct. 15 for a
10 per cent increase in wages which
resulted in a general walk-out of the
employees here and in other parts of
the country was Monday officially
declared off by President F. E. Modie
of the Brotherhood of Railway Express-
men. Mr. Modie issued an order re-
solving the strike and advising the
messengers to act as they see best in re-
turning to work.

PETITIONS POURING IN.

Montana People Want an Extra Ses-
sion of the Legislature Called.

Butte, Mont., Nov. 3.—A Helena dis-
patch to the Miner says: Petitions
from all sections of the state are pour-
ing into the governor's office asking
that an extra session of the legisla-
ture be called to remedy the state of
affairs existing in Montana as a re-
sult of the suspension of the Amalgam-
ated mines and smelters. Governor
Toole has made no announcement as to
his determination in the matter.

German Steamer Wrecked.

London, Nov. 3.—"The German mail
steamer 'Draiberg,'" says the Lisbon
correspondent of the Morning Leader,
"has been wrecked in the fog near
Lisbon. Many of her passengers were
saved. She is now being assisted by
salvage steamers."

General Chase Found Guilty.

Denver, Nov. 3.—The courtmartial
last night by a vote of six to four,
found Brigadier General Chase guilty
of "technical disobedience of orders."

FOR CLOSE CONTEST

INDICATIONS IN THE STRUGGLE
FOR SUPREMACY IN THE
CITY OF NEW YORK.

BETTING FAVORS M'CLELLAN

VOTE POLLED BY WILLIAM DE-
VEY MAY HAVE SOME BEAR-
ING ON THE RESULT.

New York, Nov. 3.—With every in-
dication of a close struggle, the eve of
battle finds the leaders of fusion and
Tammany loud in their predictions of
overwhelming triumph. So confident
is Charles F. Murphy in his estimate
of 100,000 plurality for McClellan,
based on the returns of all his dis-
trict leaders, that last night he issued
orders to go ahead with the prepara-
tions for a rousing celebration of the
victory.

The estimate of John J. Delaney,
McClellan's personal campaign man-
ager, places the plurality at 85,300.

While abating nothing in confidence,
the fusionist leaders claim no more
than 30,000 plurality for Low, al-
though it is said that their closest
estimates point to a majority of about
half that figure.

Not to lag behind the other comba-
tants in confidence, William Devey
announces that he expects to poll not
less than 45 per cent of the total reg-
istered vote. Considerable interest at-
taches to the size of the vote that
Devey will control and it may have
a serious influence on the result.

The usual reports of "colonization"
on a large scale are still industriously
circulated. No less than 30,000 sus-
picious cases have been investigated
out of a total registration of 628,808,
and it is probable that many arrests
will be made at the polling places.

Tammany made its final prepara-
tions for the struggle last night by
the distribution of sinews of war to
the amount of between \$150,000 and
\$200,000 to the district leaders for
election expenses.

Betting men are giving odds of 10
to 8 on McClellan.

John R. McLean of Cincinnati,
through a commissioner, sent on \$10,-
000 to bet at 10 to 5 on McClellan.

Unless the unexpected happens the
Republicans will retain control of
both houses of the New Jersey legisla-
ture.

REPRESENT TWO EXTREMES.

Republicans and Democrats Both
Claim Ohio Legislature.

Columbus, O., Nov. 3.—On the eve
of the election the estimates of the
two parties continue to represent the
two extremes. The Democrats give no
figures on the state ticket and claim
only a bare majority in the legisla-
ture, while the Republicans claim a
larger plurality with a single excep-
tion than ever before on the state
ticket and almost twice as large a
majority in the legislature as ever
before.

One of the leading issues in this
campaign has been over the new mun-
icipal code that was enacted by the
Republicans in the last legislature.
Under this code the wards and pre-
cincts in all places of 5,000 population
and over were changed this year so
that the vote tonight cannot be com-
pared with that of any previous state
election on such returns as come from
the rural districts and towns of less
than 5,000 population.

In the event of a close contest, no
definite result will be known tonight,
but such conditions are not expected.
The Republicans claim that Mayor
Johnson will be defeated for governor
by a larger plurality than was his
representative last year, and they have
even gone so far as to say that they
under existing conditions would not
be considered a Republican victory.

THE RESULT IN IOWA.

Republican Victory Conceded by Demo-
cratic Chairman.

Des Moines, Ia., Nov. 3.—Rain is
indicated over Iowa today. Should it
keep the farmers out of the fields, the
aggregate vote of the state will be
increased, and with it the Republican
plurality. All the state headquarters
are closed and no revision of Satur-
day's claims has been made. Govern-
or Cummins closed his campaign with
an address at Clinton last night and
J. B. Sullivan, the Democratic candi-
date for governor, spoke at Creston,
his home city. Each had a large au-
dience. Non-partisan observers pre-
dict a Republican plurality of 40,000
to 50,000.

Governor Cummins claims 65,000.
Republican Chairman Spence gives
no figures, and Democratic Chairman
Jackson admits a Republican plurality
of 20,000.

REPUBLICANS ARE CONFIDENT.

While Democrats Are Hopeful of Car-
rying Massachusetts.

Boston, Nov. 3.—With good weather,
and the indications favor such con-
ditions, the party managers all agree
that there will be a heavy vote cast
in Massachusetts, not only for govern-
or, but for the entire state ticket, as
well as for minor offices and members
of the state legislature.

The Republicans are confident,
while the Democrats are hopeful. Both
candidates have worked hard during
the short but lively campaign, and are
looking forward to substantial results
of their labors.

Not for many years have the Demo-
crats worked so hard and their efforts
have so thoroughly stirred up their op-
ponents that the state has been bet-
ter canvassed than for ten years.

Going to Oyster Bay to Vote.

Washington, Nov. 3.—President
Roosevelt left here last night for Oys-
ter Bay, where he will cast his vote.
The president was accompanied by
Secretary Cortelyou and Mr. Loeb and
occupied a private car.

LARGE PLANT FOR OMAHA.

President Stickney and Associates to
Establish Flouring Mills There.

Omaha, Nov. 3.—President Stickney
of the Chicago Great Western Monday
brought a party of thirty-five grain
and mill men from Minneapolis and
St. Paul with the avowed purpose of
starting a grain market in Omaha. In
the course of a statement President
Stickney said that it was the ultimate
purpose of himself and his associates
to establish one of the largest markets
in the country here, and that he had
prefaced his intentions by purchasing
thirty-five acres of ground on which
to establish elevators and flouring
mills, so situated as to be in connec-
tion with all the grain carrying lines
that enter the city.

CHARGES AGAINST MADDEN.

Third Assistant Postmaster General
Under Investigation.

Washington, Nov. 3.—Postmaster
General Payne admits that an investi-
gation is being made of charges involv-
ing the office of Third Assistant Post-
master General Madden in connection
with the speculation of philatelists in
certain valuable specimen postage
stamps. The charges were made in a
philatelic organ in April, 1902, but
were only brought to the attention of
the president and postmaster general.
It is stated, last Friday, when an in-
vestigation of the matter was imme-
diately ordered.

To Stamp Out Handbook Evil.

Chicago, Nov. 3.—In an effort to
stamp out the handbook evil, a system
of betting on horse races that has ex-
isted in Chicago for several years,
Mayor Harrison has sent an ordinance
to the city council providing for the
licensing of all telegraphic "tickers"
in use in the city and prohibiting
them from sending horse race reports.

Increase for Railway Employees.

Bloomington, Ill., Nov. 3.—Officers
of the Vandallia railroad announced a
voluntary increase in pay to employes
of the Western division, including the
Illinois lines. The advance applies
to engineers, firemen, conductors,
brakemen and baggage men, on both
passenger and freight trains, and
amounts to 10 to 20 cents a day.

du Lac (Wis.) line collided during a
heavy fog and four men were seri-
ously injured.

A compromise settlement of the im-
pending general strike by the stock-
yards unions is expected to be ar-
ranged in Chicago today.

Secretary Shaw has returned to
Washington from a three weeks' cam-
paigning tour in Ohio, Kentucky, Vir-
ginia, Iowa and Massachusetts.

LOUISIANA NEGRO LYNCHED.

Joseph Craddock Hanged and Burned
for Triple Murder.

Shreveport, La., Nov. 3.—Joseph
Craddock, a negro, was lynched by an
infuriated mob, composed chiefly of
blacks, at Taylortown, in Bossier pa-
rish, about seventeen miles from
Shreveport, Sunday night.

Craddock went to the home of
Wesley Chambers, a negro cotton
picker, and cleft his head in two with
an axe. When Chambers fell on the
ground Craddock rightfully mutilated
the body with his weapon.

Soon afterward he crept up on Dana
Washington, a negro, and struck him
on the head with the sharp edge of
the axe. Not satisfied with his crime,
Craddock went to the Chambers cabin
and called Mercer, the brother of Wes-
ley Chambers. Suspecting nothing,
Chambers came to the door and was
immediately beaten down with the
axe and frightfully injured. Wesley
Chambers died almost instantly. Mer-
cer Chambers died Monday afternoon
and Dana Washington cannot possibly
live.

Craddock was captured by a small
posse of white men, but a crowd of be-
tween 250 and 300, composed largely
of negroes, took possession of the mur-
derer. He was at once hanged to a
tree and burned beneath it after being
pronounced dead.

The men killed were inoffensive neg-
roes.

CUBAN CONGRESS IN SESSION.

President Palma Promises a Special
Message on Loan Question.

Havana, Nov. 3.—The regular ses-
sion of congress opened Monday after-
noon. The recommendations in the
message of President Palma are
chiefly of a general character. The
much discussed loan taxes are not
gone into at length, and no amendment
to the loan law is suggested. The
president promises a special message
with reference to the negotiations of
the loan commissioners who went to
New York, who, the message says, are
certain that the loan can be obtained
in the United States.

Continuing, the message assures
congress of the president's zeal in car-
rying out the payment of the revolu-
tionary army, and Senator Palma denies
all the assertions to the contrary made
by persons whom he terms "certain
turbulent spirits."

LETTER BOOKS DESTROYED.

Binger Hermann Claims They Were
of a Personal Nature.

Washington, Nov. 3.—Evidence of
great significance in connection with
the land fraud prosecution is believed
to have been destroyed by Binger Her-
mann, when he left the office of com-
missioner of the general land office
last year. Mr. Hermann is now a
member of congress from Oregon.

It has been discovered that when
Mr. Hermann left the general land of-
fice, he destroyed no less than thirty-
six large letter books containing
copies of letters written to various
persons during his term of office. It
has been reckoned that these books
contained fully 3,000 copies of letters.
Mr. Hermann has been confronted
with the charge that he destroyed the
books and does not deny having done
so. He does say, however, that the
letters were personal ones, and did
not pertain to the business of the in-
terior department.

It is believed that Secretary Hitch-
cock will spring some sensational sur-
prise to connection with the forest
land prosecutions. The evidence in
his possession incriminates persons of
considerable importance, and the
names of at least two or three of the
persons believed to be guilty are
known from one end of the country to
the other.

Buffalo, N. Y., Nov. 3.—In a dense

and the boats are in no danger at
present.

chancellor of the Knights of Pythias
of Minnesota.

STUBBORN CAMPAIGN ENDED.
Opposing Parties Waiting for Results of Their Work in Maryland.
Baltimore, Nov. 3.—Through the close of the state campaign was announced on Saturday night the two candidates for governor did not relax their active labors until a late hour Monday night.
At the respective party headquarters the day was spent by the party leaders sending out final instructions to ward, precinct and county executives, among whom there was a distribution of the customary "campaign expenses" to be used today.
It was a notable circumstance that both sides announced that they had "enough money for practical purposes." It is agreed on all sides that the closing contest has been one of the most stubbornly fought campaigns in the history of Maryland. The predominant feeling with voters and leaders is that the struggle is not merely of state importance but that it is to have a bearing on the national contest next year. The respective leaders continue to declare their confidence in today's result.

DEMOCRATS CLAIM KENTUCKY.
Predict a Majority of Twenty-five Thousand for Beckham.

Louisville, Ky., Nov. 3.—The Democrats claim the state for Beckham by a majority of 20,000 and to this they add 5,000, which they expect the city of Louisville and Jefferson county to give their ticket.

Chairman J. H. Newman of the Republican state campaign committee says Republicans are confident of the election of Colonel Belknap and the entire Republican ticket by a majority of 12,000.

Republican Majority in Pennsylvania.
Philadelphia, Nov. 3.—The general opinion as expressed by the Republican leaders is that Pennsylvania will give its usual off-year majority for the Republican candidates. The Democratic state chairman and other Democratic leaders decline to give figures, contenting themselves with the prediction that a full Democratic vote will be cast.

Lively Campaign Ended.
Providence, R. I., Nov. 3.—The last rally of the campaign was held by the Democrats in this city last night and it ended the liveliest campaign since 1892. Democrats expect to win by 2,000 plurality, while Republicans claim victory by 5,000 to 7,000 votes.

Both Parties Claim Nebraska.
Lincoln, Neb., Nov. 3.—Chairman Lindsay of the Republican committee insists with an average vote the ticket will win by 15,000. Chairman Weber of the Fusion committee gives no figures, but expresses confidence in the result.

MIDSHIPMEN ON TRIAL.
Northwestern Boys Charged With Hazing at Annapolis.

Annapolis, Md., Nov. 3.—The proceedings of the naval court-martial, called for the trial of the three midshipmen of the first class, charged with hazing members of the fourth class, began Monday in the office of the commandant of midshipmen. The first midshipman to be arraigned was John H. Lofland of Oskaloosa, Ia., and his plea was not guilty. All of the day's session was occupied with the hearing of witnesses for the prosecution. As soon as the trial of Lofland is completed the court will take up the cases of Joseph D. Little of Springfield, O., and Earle W. Chaffee of Rhineland, Wis.

The men are charged with having subjected midshipmen W. W. Lawrence of Colorado and Churchill Humphreys of Kentucky, of the fourth class, to physical indignities. The former, it is alleged, was compelled to stand on his head and the latter forced to undergo protracted physical exercises.

RUMORS PROVE UNTRUE.
Fire at the Vatican Was Not of incendiary Origin.

Rome, Nov. 3.—Inquiry into the cause of the fire at the Vatican Sunday shows that it was accidental, due either to carelessness in leaving the kitchen fire lighted or to the combustion of acids which M. Marle kept for the purpose of his work in making reproductions of ancient manuscripts and illuminated books for exhibition at St. Louis. The rumors of incendiarism are proved to be altogether unfounded. The damage is supposed to be about \$50,000.

STRIKE DECLARED OFF.

Express Messengers Lose Their Fight for Increased Wages.

St. Louis, Nov. 3.—The strike inaugurated by the messengers of the Pacific Express company on Oct. 15 for a 10 per cent increase in wages which resulted in a general walk-out of the employees here and in other parts of the country was Monday officially declared off by President F. E. Modie of the Brotherhood of Railway Expressmen. Mr. Modie issued an order receding the strike and advising the strikers to act as they see best in returning to work.

PETITIONS POURING IN.

Montana People Want an Extra Session of the Legislature Called.
Butte, Mont., Nov. 3.—A Helena dispatch to the Miner says: Petitions from all sections of the state are pouring into the governor's office asking that an extra session of the legislature be called to remedy the state of affairs existing in Montana as a result of the suspension of the Amalgamated mines and smelters. Governor Toole has made no announcement as to his determination in the matter.

German Steamer Wrecked.

London, Nov. 3.—"The German mail steamer Duisberg," says the Lisbon correspondent of the Morning Leader, "has been wrecked in the fog near Lisbon. Many of her passengers were saved. She is now being assisted by salvage steamers."

General Chase Found Guilty.
Denver, Nov. 3.—The court-martial last night by a vote of six to four, found Brigadier General Chase guilty of "technical disobedience of orders."

FOR CLOSE CONTEST
INDICATIONS IN THE STRUGGLE FOR SUPREMACY IN THE CITY OF NEW YORK.
BETTING FAVORS MCLELLAN
VOTE POLLED BY WILLIAM DEVER
ERY MAY HAVE SOME BEARING ON THE RESULT.

New York, Nov. 3.—With every indication of a close struggle, the eve of battle finds the leaders of fusion and Tammany loud in their predictions of overwhelming triumph. So confident is Charles F. Murphy in his estimate of 100,000 plurality for McClellan, based on the returns of all his district leaders, that last night he issued orders to go ahead with the preparations for a rousing celebration of the victory.

The estimate of John J. Delaney, McClellan's personal campaign manager, places the plurality at \$5,300. While abating nothing in confidence, the fusionist leaders claim no more than 30,000 plurality for Low, although it is said that their closest estimates point to a majority of about half that figure.

Not to lag behind the other combatants in confidence, William Devery announces that he expects to poll not less than 45 per cent of the total registered vote. Considerable interest attaches to the size of the vote that Devery will control and it may have a serious influence on the result.

The usual reports of "colonization" on a large scale are still industriously circulated. No less than 30,000 suspicious cases have been investigated out of a total registration of 628,808, and it is probable that many arrests will be made at the polling places.

Tammany made its final preparations for the struggle last night by the distribution of sinews of war to the amount of between \$150,000 and \$200,000 to the district leaders for election expenses.

Betting men are giving odds of 10 to 8 on McClellan.

John R. McLean of Cincinnati, through a commissioner, sent on \$10,000 to bet at 10 to 9 on McClellan.

Unless the unexpected happens the Republicans will retain control of both houses of the New Jersey legislature.

REPRESENT TWO EXTREMES.
Republicans and Democrats Both Claim Ohio Legislature.

Columbus, O., Nov. 3.—On the eve of the election the estimates of the two parties continue to represent the two extremes. The Democrats give no figures on the state ticket and claim only a bare majority in the legislature, while the Republicans claim a larger plurality with a single exception than ever before on the state ticket and almost twice as large a majority in the legislature as ever before.

One of the leading issues in this campaign has been over the new municipal code that was enacted by the Republicans in the last legislature. Under this code the wards and precincts in all places of 5,000 population and over were changed this year so that the vote tonight cannot be compared with that of any previous state election on such returns as come from the rural districts and towns of less than 5,000 population.

In the event of a close contest, no definite result will be known tonight, but such conditions are not expected. The Republicans claim that Mayor Johnson will be defeated for governor by a larger plurality than was his representative last year, and they have even gone so far as to say that anything less than a plurality of 100,000 under existing conditions would not be considered a Republican victory.

THE RESULT IN IOWA.

Republican Victory Conceded by Democratic Chairman.

Des Moines, Ia., Nov. 3.—Rain is indicated over Iowa today. Should it keep the farmers out of the fields, the aggregate vote of the state will be increased, and with it the Republican plurality. All the state headquarters are closed and no revision of Saturday's claims has been made. Governor Cummins closed his campaign with an address at Clinton last night and J. B. Sullivan, the Democratic candidate for governor, spoke at Creston, his home city. Each had a large audience. Non-partisan observers predict a Republican plurality of 40,000 to 50,000.

Governor Cummins claims 65,000. Republican Chairman Spence gives no figures, and Democratic Chairman Jackson admits a Republican plurality of 20,000.

REPUBLICANS ARE CONFIDENT.

While Democrats Are Hopeful of Carrying Massachusetts.

Boston, Nov. 3.—With good weather, and the indications favor such conditions, the party managers all agree that there will be a heavy vote cast in Massachusetts, not only for governor, but for the entire state ticket, as well as for minor offices and members of the state legislature.

The Republicans are confident, while the Democrats are hopeful. Both candidates have worked hard during the short but lively campaign, and are looking forward to substantial results of their labors.

Not for many years have the Democrats worked so hard and their efforts have so thoroughly stirred up their opponents that the state has been better canvassed than for ten years.

Going to Oyster Bay to Vote.

Washington, Nov. 3.—President Roosevelt left here last night for Oyster Bay where he will cast his vote. The president was accompanied by Secretary Cortelyou and Mr. Loeb and occupied a private car.

LARGE PLANT FOR OMAHA.
President Stickney and Associates to Establish Flouring Mills There.
Omaha, Nov. 3.—President Stickney of the Chicago Great Western Monday brought a party of thirty-five grain and mill men from Minneapolis and St. Paul with the avowed purpose of starting a grain market in Omaha. In the course of a statement President Stickney said that it was the ultimate purpose of himself and his associates to establish one of the largest markets in the country here, and that he had prefaced his intentions by purchasing thirty-five acres of ground on which to establish elevators and flouring mills, so situated as to be in connection with all the grain carrying lines that enter the city.

CHARGES AGAINST MADDEN.

Third Assistant Postmaster General Under Investigation.

Washington, Nov. 3.—Postmaster General Payne admits that an investigation is being made of charges involving the office of Third Assistant Postmaster General Madden in connection with the speculation of philatelic stamps. The charges were made in a philatelic organ in April, 1902, but were only brought to the attention of the president and postmaster general. It is stated, last Friday, when an investigation of the matter was immediately ordered.

To Stamp Out Handbook Evil.

Chicago, Nov. 3.—In an effort to stamp out the handbook evil, a system of betting on horse races that has existed in Chicago for several years, Mayor Harrison has sent an ordinance to the city council providing for the licensing of all telegraphic "tickers" in use in the city and prohibiting them from sending horse race reports.

Increase for Railway Employees.

Bloomington, Ill., Nov. 3.—Officers of the Vandallia railroad announced a voluntary increase in pay to employees of the Western division, including the Illinois lines. The advance applies to engineers, firemen, conductors, brakemen and baggage men on both passenger and freight trains, and amounts to 10 to 20 cents a day.

LOUISIANA NEGRO LYNCHED.

Joseph Craddock Hanged and Burned for Triple Murder.

Shreveport, La., Nov. 3.—Joseph Craddock, a negro, was lynched by an infuriated mob, composed chiefly of blacks, at Taylortown, in Bossier parish, about seventeen miles from Shreveport, Sunday night.

Craddock went to the home of Wesley Chambers, a negro cotton picker, and cleft his head in two with an axe. When Chambers fell on the ground Craddock frantically mutilated the body with his weapon.

Soon afterward he crept up on Dana Washington, a negro, and struck him on the head with the sharp edge of the axe. Not satisfied with his crime, Craddock went to the Chambers cabin and called Mercer, the brother of Wesley Chambers. Suspecting nothing, Chambers came to the door and was immediately beaten down with the axe and frantically injured. Wesley Chambers died almost instantly, Mercer Chambers died Monday afternoon and Dana Washington cannot possibly live.

Craddock was captured by a small posse of white men, but a crowd of between 250 and 300, composed largely of negroes, took possession of the murderer. He was at once hanged to a tree and burned beneath it after being pronounced dead.

The men killed were inoffensive negroes.

CUBAN CONGRESS IN SESSION.

President Palma Promises a Special Message on Loan Question.

Havana, Nov. 3.—The regular session of congress opened Monday afternoon. The recommendations in the message of President Palma are chiefly of a general character. The much discussed loan taxes are not gone into at length, and no amendment to the loan law is suggested. The president promises a special message with reference to the negotiations of the loan commissioners who went to New York, who, the message says, are certain that the loan can be obtained in the United States.

Continuing, the message assures congress of the president's zeal in carrying out the payment of the revolutionary army, and Senator Palma denies all the assertions to the contrary made by persons whom he terms "certain turbulent spirits."

LETTER BOOKS DESTROYED.

Binger Hermann Claims They Were of a Personal Nature.

Washington, Nov. 3.—Evidence of great significance in connection with the land fraud prosecution is believed to have been destroyed by Binger Hermann, when he left the office of commissioner of the general land office last year. Mr. Hermann is now a member of congress from Oregon.

It has been discovered that when Mr. Hermann left the general land office, he destroyed no less than thirty-six large letter books containing copies of letters written to various persons during his term of office. It has been reckoned that these books contained fully 3,000 copies of letters. Mr. Hermann has been confronted with the charge that he destroyed the books and does not deny having done so. He does say, however, that the letters were personal ones, and did not pertain to the business of the interior department.

It is believed that Secretary Hitchcock will spring some sensational surprises in connection with the forest land prosecutions. The evidence in his possession incriminates persons of considerable importance, and the names of at least two of three of the persons believed to be guilty are known from one end of the country to the other.

Lake Boats Run Ashore.

Buffalo, N. Y., Nov. 3.—In a dense fog that prevailed over Lake Erie at dusk Monday night two big lake boats ran ashore on the Canadian side near Point Abino. They are the Mataafa and G. W. Watson. The lake is calm and the boats are in no danger at present.
